SHOULD BE MAN WHO UNDERSTANDS WHEAT

When the Board of Grain Commissioners met at Grande Prairie last week, one of the first items on the agenda was the wheat. The Peace River was to be chosen to act on the Grain Standards Board.

It is to be hoped that the man chosen may be one who is qualified to fill the position, and who is acquainted with the conditions of the North. Efficiency should be the first and only standard.

IS NORTH COUNTRY WHEAT BELOW SOUTHERN IN PROTEIN?

It has been stated so often that the wheat grown in the north is lower in protein than that grown in the southern provinces that it is almost a truism. The Tribune does not believe this is so, but what we do say is that so far as the protein of wheat has been an authoritative report stating to what degree the northern wheat is lower in protein than that of the southern country.

T. H. Harrison, Assistant Grain Commissioner, is revisiting the Peace River and hearing complaints from individual farmers of the quality of their wheat. It would be well to get a statement from this man on this point.

Rev. Johnson of Wembley, in an address before the meeting of the Board of Grain Commissioners, contended that the wheat of the north should be on a protein basis and not left to human judgment. The wheat of the north is a picture of what appeared in The Tribune last week, and is a picture of what is in the protein content of the wheat in the southern sections, then we should know it. It is not below, but it is not above either.

The Tribune would like to have an authoritative statement on this point.

QUEBEC GOVERNMENT RECOGNIZES IMPORTANCE OF WEEKLY NEWSPAPERS

The Quebec government has recently made provision to subsidize the weekly newspapers of that province, without regard to the political or religious views of the publishers.

Obviously, as The High River Times says, "It is in recognition of the constant service rendered in informing the public of the news of the day, and similar matters of concern to everyone." It is a commendable move, and Quebec's example might reasonably be followed by other provinces.

Further on in the same editorial The Times, after having stated that the press plays in informing the people of the proceedings of the government and other government matters, observes:

"One might mention the means of printed articles that are sent out automatically to the public, and the fine paper considering their value from various points of view to the government to newspaper offices. Every individual who has contributed to the making of the news in these articles has been paid. But when it reaches the public, the paper deems the paper pays. Right economic commences there. In this line alone there is a fine starting wage of paper and effort, because newspapers are really shutting down on the exploitation."

We agree with The Times that too long the importance of the weekly papers has been positively ignored, and too long they have been used as "good things" by governments for publicity purposes, without any remuneration whatsoever. On top of this, as The Tribune pointed out last week, the nearly all, not all, government printing goes to the public, and the weekly offices are not given a chance to even bid for the work.

This condition will continue until the weekly newspapers get together and demand, as a condition of their work, that the government should be at the hands of the governments.

The weekly press is of great importance and influence as time goes on and it is about time that the inferiorly common should be put on a par with the old time. Was there a time when they paid the people to read the States.

"The States isn't so bad. But I did not like it. If the police grab you, if you're old enough to get an income tax, and if you're old enough to be a citizen, you're old enough to be a citizen. The first order was lost in the first. Pretty good."

"They put the horse to me after a year. It was not bad being reported. Got a free trip to Vancouver to see a show. He asked me when my home was and I told him I was a 'Cud' He

LITTLE THEATRE ASSOCIATION

The announcement that the Little Theatre Association has decided to put on a series of plays will be received with satisfaction.

This association was formed in Grande Prairie some time ago as a result of the Little Theatre movement being removed from the centre of the community. The association is now the north country has to rely upon the Little Theatre Association for its entertainment, and it has been demonstrated in the past that there is plenty of dramatic talent here. The Little Theatre Association is worthy of hearty support.

I read that Louis Riefenstahl, a Jewish girl, was a member of the home-land, notwithstanding that he has been busy persecuting members of that race. I read that Samuel Insull and his associates, charged with a vast fraud, were acquitted. The decision was a wonder why Insull was in the United States.

"Time rolls on"

I read that Lord Rosebery's "Pie Emma" was the Manchester November Handicap. The horse started at odds of 100 to 7 and won easily by a length. From the real pie, and the Christmas cake thrown in, to those who were on the right side of the betting.

IN THE TRIBUNE'S MAIL BOX

THOMSON'S REPLY TO HON.

TO THE EDITOR OF THE TRIBUNE.

I regret that I was not given sufficient time to reply to the charges made by Mr. J. B. Yule in his recent article, held here recently.

The statement that a conference of the district men was held at the Peace River and after consultation with the men, the government had arranged to buy old oats elevators.

Mr. Allen must have been mistaken, for there was not a conference of district men at any time during the past year. Nor was I ever committed regarding the purchase of oats from elevator companies. Nor was I at Edmonton from October, 1933, at the time a stock taking was taken in the city, until May 14, 1934.

That there was no justification for buying 2 C.W. for use in the Peace River district is shown by the fact that a commitment was given me by the Department of Agriculture to buy 2 C.W. for use in the Peace River district.

My attitude towards the purchase of 2 C.W. was not a personal one. It was a matter of principle. When the Department advised that they were not in a position to buy 2 C.W. for use in the Peace River district, I was not in a position to buy 2 C.W. for use in the Peace River district.

BAZAAR PROMISES TO BE VERY INTERESTING

The Ladies' Aid of the Sexsmith United Church are holding their annual bazaar in the Orange Hall, on Saturday, December 1, doors to be open at 2:30 p.m.

The various stalls are as follows: Fancy Work Articles, Ten-Cent Post Office, White Ensigns, etc. of Bazaar, and the usual tea tables.

We do not know what this Ten-Cent Post Office is, but if it is anything like the same of Post Office we used to play in our youth, it will be very interesting. Be sure and get there early and take your chances with the rest.

BIRTHS AT THE HOSPITAL

Mrs. Johanna Hunkard, matron of the Sexsmith Maternity Hospital, is keeping up the good work in assisting to bring the following future citizens into the world:

To Mr. and Mrs. J. Butcher, Sexsmith, on October 10, a son.

STARTS DANCING CLASSES

Mr. H. McElroy has started a three months course of dancing and already has a large class of students in the Sexsmith district, some being held in the Grand Theatre every Wednesday. At the end of the term a contest will be staged, with the local talent taking part.

CHILDREN VACCINATED

All the school children have been vaccinated against measles and whooping cough. They are given a very good reason for their grumpy bunch with their noses aching. Dr. Ganey was a busy man last week, the children coming down to his office in squads, taking their medicine quite steadily with the old hope that they might have to stay away from school for a few days. Up to the present, very little of this has come to pass.

BUFFALO LAKES

BUFFALO LAKE, Nov. 26.—Mr. and Mrs. Norman Bailey and family, of Major, Sask., are the guests of Louie Bailey. They intend to start farming in this country.

Don McKean left last Friday for Regina. Dan is going to try his luck there.

ENTERTAINED C. G. I. T.

The nine girls of the Chatham C. G. I. T. group, under the capable leadership of Miss Adair, were enthusiastically entertained by Mrs. Frank Newman last Friday evening.

HOPES TO TUNE IN NORWAY

Tom Lee purchased one of the latest communications in radios, condensers and tubes and is now burning the midnight oil trying to short-wave a New York broadcasting station.

WHIST DRIVE AND DANCE

The B. L. A. A. will hold a whist drive and dance on Friday, December 1. The social committee of the association has during the last few months been commendably engaged in providing entertainment in the form of dances, while the sports committee has been untidily inactive in the same period. Unless a dance can be classified as an athletic event of importance, how about a hockey game in the not too distant future—preferably, if at all possible, before spring work starts. The much-coveted hockey cup still rests, apparently securely, in the hands of the Leaside hockey "team."

"LENA" DEVELOPS QUEER NOISE

Ed Carver was industriously working on the rear-end of his jumping Lena this morning. She appeared to have developed a queer noise during the homeward trip from Sexsmith the day before.

SMOKY HEIGHTS

SMOKY HEIGHTS, Nov. 26.—We have been out of your columns for quite awhile, but in spite of rain and more rain, and now snow and more snow, we still are on the job.

There was still a few more jobs to do in this neck of the woods and threshing would have been completed for this year.

Trucks have been busy hauling grain, everyone being anxious to have a load hauled until sleighing comes.

Don't forget the social and dance to be held in the schoolhouse on Friday, November 30, in aid of the children's Christmas fund. See if you were winner of the quilt which is being raffled.

Mr. Dick Hoag was a visitor in the district on Sunday last.

Mr. Ted Ryboff was a business visitor in Teepee Creek last week.

Mr. and Mrs. Clayton of Red Head overnight visitors at H. D. Hoag's en route to Grande Prairie.

Hoag Ryboff is improving, after the fall, which happened a few weeks ago.

Mr. George Hansen was fortunate enough to trap a fox last week.

Mr. Shiner Tink ran across a bear's den one day and enticed the bear out of its den but did not get the bear. The bear, so went away, leaving the bear to have in winter.

The school children are busy practicing for their Christmas concert, which will be held December 20, in the schoolhouse.

ADDRESS IN POTATO BRINGS LETTER

When the cars of vegetables were being loaded at Vermilye, Mrs. D. T. Carleton put her address in a potato. She has received the following letter:

Dear Mrs. Carleton:

I received some vegetables from your shipment into Esther on the 19th and came across the potato with your note inside. You could not imagine how pleased we were to see them—we did not have a vegetable of any description. The gratingshoppers even ate the potatoes and the potatoes.

I asked my husband when he got back with the vegetables if there were many people there, and he said they were just like flies around a jam pan.

The vegetables were given out according to the size of the family. My family of four got four bushels of potatoes and a sack of mixed vegetables, and delighted to get them.

Many thanks, Mrs. Carleton.

How long will four bushels of potatoes last a family of four?

LYMBURN NEWS

TRAPPERS GET GOOD STAFF

LYMBURN, Nov. 27.—Some of the trappers out west have popped out of the bush long enough to report quite successful trapping. If they continue to do so well as they have been doing they will be able to amass quite a sum before Christmas.

THRESHERS STILL BUSY

The threshers are still busy west of Lymburn and they have been to work quite steadily since there have been no more rain storms to interrupt operations.

Mrs. Irvine from Hythe was visiting in Lymburn a short time ago with Mrs. Lambert.

SECTION BOSS "HAS DONE IT"

Fred Olenick, our section foreman, has done it and done it as the saying is, he left Lymburn early on Sunday morning and did not return for a week. There were many rumors as to whether he had gone to get married or not, but no one seemed to know anything definite about it. But, the sectionmen in question finally returned, and sure enough, he brought a wife with him. He certainly succeeded in keeping it a secret long enough.

He will remain as happy all his life as he has been ever since he returned, and we wish them both success and joy.

PERSONNEL OF ALBERTA'S FIRST LIVE STOCK MARKETING BOARD

EDMONTON, Nov. 19.—Personnel of Alberta's first live stock marketing board, under the Natural Products Marketing Act was announced at Saturday morning by Hon. W. G. Gower, Minister of Agriculture.

The board, consisting of 15 members, was named by the Minister at the request of representatives of the live stock industry in general meeting at Calgary, November 8, following the holding of a live stock marketing conference for the province.

The marketing plan has been submitted by the board to the Minister at Ottawa, and when it is approved by this body, ratified by the Governor-in-Council, and finally endorsed by vote of Alberta live stock producers, it will be the responsibility of the board now named to determine, within the provisions of the scheme, the procedure to be followed in this province in the marketing of live stock, and to coordinate the marketing machinery.

Work of drafting the marketing scheme and submitting it to the live stock industry for approval was undertaken by a provisional live stock marketing committee of 17 members, consisting of those members have been named to the board by the Minister.

Following his appointment on Saturday, however, Mr. Groulx stated that he was not the board it had been found necessary to go outside the personnel of the provisional committee in order that the various areas of the province and the many branches of the industry be as fully as possible represented.

It is understood that in the forward-ness of the work under the marketing order-in-council is signed declaring the marketing scheme effective, the newly named board and the provisional committee will work in conjunction at the expiration of the first year of operation of the Alberta marketing plan the provincial board will be

Here and There

A further concession to the travelling public is announced by C. P. Railroad, Canadian Pacific and Passenger Association, in the statement that in future one month round trip railway tickets presently good for two months will be valid only for one month.

Point and destination will be valid for stop-over at intermediate points going and returning. For many years Canadian railways have been selling one-month round trip tickets at the rate of one-way fare, less ten per cent, good for continuous passage only.

Now, the stop-over privilege is granted without any increase in fare and passengers desiring to route to stop over, may do so on application to the conductor. This concession, it is felt by railway officials, will do much to further promote travel by rail in Canada.

W. E. Allison, manager of mail and baggage train, Canadian Pacific Railway, has been elected vice-president of the American Association of General Baggage Agents, comprising representatives of all the railways on this continent.
